

Portão, September 2019.

Dear Customers and Partners,

Soubach – a company 100% Brazilian owned – has been operating for more than 30 years in the national and international markets. Since 2012, we are a member of the **Leather Working Group (LWG)**, an international organization whose goal is to develop and maintain protocols that assess the environmental compliance and performance capabilities of leather manufacturers and to promote sustainable and appropriate environmental business practices within the leather industry. Previously holding the "Silver" certificate, Soubach was awarded the "Gold" category in 2018, the highest and most exclusive certification, recognizing our strict compliance with respect for the environment in the use of raw materials and the manufacturing process.

Our company is part of the ALFA Conglomerate, an almost century old economic group of which are also part several other companies and of significant representativeness in the Brazilian market, such as the Alfa Financial Conglomerate, C&C – Casa e Construção, Transamérica Hotels, Flats and Radio, among others (<https://bancoalfa.com.br/sobrealfa/home/conglomeradoalfa2.ashx>).

The Agropalma Group, also part of this Conglomerate and another symbol of the policy of preservation and respect for the environment adopted by our group, sustainably explores palm in the state of Pará, in the northern region of the Country (<https://www.agropalma.com.br/en/social-and-environmental-responsibility>).

We would like to reiterate that:

- It is our mission to provide the highest quality products, always in accordance with the best environmental and sustainability practices;
- The wet blue raw material used in our production process comes from the Midwest and Southern regions of Brazil and
- Our entire supply chain and suppliers are constantly monitored to ensure the perfect adherence to the rigorous criteria of our certification.

We thereby ratify our NONNEGOTIABLE commitment to preserving and respecting the environment, seeking sustainable development for future generations.

We would be glad to welcome your visit to our facilities, by simply contacting one of the below listed means.
